Dentonville

Safe, supported accommodation for young women in St Helens

mmha
PART OF GREAT PLACES
HOUSING GROUP

About the scheme

Dentonville provides high-quality, temporary accommodation with tailored and flexible support packages.

The project is located in a safe, popular residential location close to local transport links/local services. The project is covered by 24-hour support staff including waking night cover.

Dentonville has 20 fully furnished individual bedrooms. We encourage residents to bring their own small personal items to give their accommodation a personal touch. Residents must provide their own crockery and cooking utensils. Each resident has a private single bedroom which is fully furnished. Other facilities within the project include:

- lounge
- kitchen
- resource/training room
- spacious garden
- showers and bathrooms

Who can apply

Applications are accepted from women aged between 16-49 who are homeless or have an unsettled way of life and who wish to receive support.

Residents will be required to demonstrate a willingness to accept the support provided and be able to abide by the conditions of their occupancy agreements.

What services are provided

Staff are able to provide support on a wide range of issues. An individual support plan will be written up and agreed with the resident in conjunction with other agencies where appropriate, addressing issues such as:

- advice and advocacy on welfare benefits and housing benefit
- budgeting and debt counselling
- advice on training, education and employment
- a wide range of health matters
- hobbies and leisure
- independent living and tenancy sustainment skills
- making links with other agencies which provide more specialist support
- moving to more permanent accommodation

When residents are ready for move on, project staff will help them to seek accommodation, and if applicable will assist them with applications for grants and loans to purchase furniture for their new home.

Can anyone receive a service?

Prior to support being offered, the application will be considered by staff.

MMHA will arrange to assess all eligible applicants. The assessment will look at the applicants support needs and circumstances. MMHA does not have any automatic exclusions and each application will be considered on an individual basis.

A detailed risk assessment will be carried out on all applicants and this may identify an unmanageable risk. As MMHA is committed to ensuring the safety of its staff and the local community, an application might be refused if a risk is identified as too high.

Anyone who is refused accommodation at our project, has the right to appeal and will be informed of the process.

How to access the service

Referrals to Dentonville should be made through an agency, however, we will accept self referrals. If you are interested, please contact the project for an application form and further information.

On receipt of a completed application form and two references, we will then assess if we are the best possible provider for the applicants need for supported accommodation.

At this stage we might also request background information from any supporting agencies. We then invite all suitable applicants to attend an assessment interview, when we will assess the applicants housing need, support needs and risks.

Our Vision

- Exceptional Services
- Great Places
- Inspiring People
